TITLE:	REACTION DEVICE FOR ORGANIC SYNTHESIS		

**REQUEST FOR WITHDRAWAL AS ATTORNEY OR AGENT AND CHANGE OF
CORRESPONDENCE ADDRESS FILED UNDER 37 C.F.R. § 1.36**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

The undersigned respectfully requests, under 37 C.F.R. §§ 1.36(b), to withdraw as attorney or agent in the above-identified issued patent. The undersigned makes this request on behalf of all attorneys of record, including all attorneys and agents associated with PTO Customer No. 20322.

Initially, we note that the attorneys and agents currently associated with the customer number for Snell & Wilmer L.L.P. ("Snell & Wilmer") are not of record in the issued patent. However, we are nonetheless requesting withdrawal as attorney or agent of record in the patent for the reasons outlined below.

Lloyd Sadler, the attorney of record in this case, filed the above-referenced patent application on March 13, 2002 prior to joining Snell & Wilmer in November of 2004. Mr. Sadler was United States patent counsel for the patentee, and only had contact with the patentee through the patentee's Korean patent counsel, Wonjon, P.C.

After joining Snell & Wilmer, Mr. Sadler changed the correspondence address to Snell & Wilmer's address, but the attorneys and agents associated with Snell & Wilmer's customer number were never given power of attorney in the above referenced patent. The patent issued on May 17, 2005, and Mr. Sadler paid the issue fee for the patent while he was at Snell & Wilmer. Subsequently, Mr. Sadler left Snell & Wilmer and left the private practice of law altogether. The

patentee's files thus remained with Snell & Wilmer. Therefore, although we are not officially of record in the application, we are taking this last step to ensure closure of this matter.

Snell & Wilmer requests to withdraw because we have attempted to contact the patentee in order to secure a revocation of power of attorney and change of correspondence address. However, our only contact with the patentee has been through the patentee's Korean counsel, and the patentee's Korean counsel has been unresponsive. *See* 37 C.F.R. § 10.40(c)(1)(iv). In addition, Snell & Wilmer has copied Peptron, Inc., the assignee of the patent, on the most recent correspondence with the patentee's Korean counsel. We wish to withdraw at this point in order to give the patentee sufficient time to procure new United States counsel in the matter before the window for the 4th year maintenance fee opens on May 19, 2008.

In accordance with 37 C.F.R. § 10.40, Snell & Wilmer has taken reasonable steps to avoid foreseeable prejudice to the patentee. Furthermore, Snell & Wilmer has given due notice to the patentee that Snell & Wilmer is withdrawing from representation of the patentee. Snell & Wilmer endeavored to contact the patentee's Korean counsel via telephone and e-mail during July – October of 2006 in order to secure a revocation of power of attorney. The patentee's Korean counsel promised a response from the patentee, but no response was ever received (see email communications in Exhibit A). Snell & Wilmer subsequently sent a formal disengagement letter to Wonjon, P.C. on January 19, 2007. The disengagement letter included a Revocation of Prior Power of Attorney and Change of Correspondence Address form for the patentee's signature. The patentee's file was forwarded along with the disengagement letter. The assignee of the patent was copied on this letter. A copy of the letter and the Federal Express Shipping Request is attached as Exhibit B, and the Federal Express proof of delivery showing the letter was received on January 22, 2007 is attached as Exhibit C. A copy of the Federal Express proof of delivery that shows the assignee, Peptron, Inc., received a copy of the letter on January 22, 2007 is attached as Exhibit D. Because of the difficulties involved in receiving the cooperation of the patentee's Korean counsel, in the disengagement letter, we informed the patentee's Korean counsel that we would be filing the present petition if we received no response by February 2, 2007. Neither Wonjon, P.C., the patentee, nor the assignee responded to the letter or returned any documents included with the letter.

Snell & Wilmer therefore has made a good-faith effort to obtain a written revocation from the patentee.

According to information at www.uspto.gov, no maintenance fee is presently due in the patent. Thus, withdrawal of Snell & Wilmer at this point will not prejudice the patentee, as it is being done "well prior to the date a maintenance fee is due," MPEP § 2560, and will leave the patentee sufficient time to obtain another practitioner before the maintenance fee becomes due.

Snell & Wilmer therefore requests withdrawal as attorney or agent of record in the patented case for all attorneys and agents associated with customer number 20322, as it has fully complied with the Office's requirements for this Request to Withdraw.

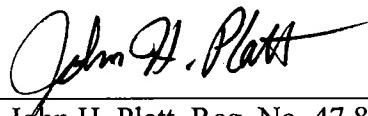

The Office is requested to address all future correspondence for this application to the patent assignee's last known correspondence address, care of:

Approval of this request under 37 C.F.R. § 1.36 is respectfully requested at the Commissioner's earliest convenience.

Respectfully submitted, on behalf of

Subject: Maintenance Fees Issue

Hello:

I am an attorney with the law firm of Snell & Wilmer LLP. You formerly worked with Lloyd Sadler of our office with regard to the following two files:

U.S. Patent Application for "Electronic Communications Web" our file number 47273.0002. This file has, as instructed, gone abandoned; and

U.S. Patent Application for "Reaction Device" our file number 47273.0003. This file issued into a U.S. Patent. There is a maintenance fee that is due on November 17, 2008.

Lloyd Sadler is no longer with our law firm as of October 2005. He has taken a position with a corporation located elsewhere in the United States. Upon his departure, I was asked to oversee his matters. As part of this process, we have reviewed all of the files (listed above) which our law firm was handling on your behalf.

Please note that as of May 1, 2006, it has become our law firm's policy that we will no longer handle post-issuance maintenance fees on behalf of our clients. As such, we would ask that you transfer file number 47273.003 to another law firm of your choosing and have that law firm or your law firm file a revocation of power of attorney and change of correspondence address to ensure that we are removed from the file as attorney of record so that we are no longer responsible for monitoring the maintenance fees associated with the above-referenced patent.

Once you have selected your new law firm or otherwise have filed the of power of attorney and change of correspondence address, please let us know so that we can send the files.

Please feel free to contact me with any questions.

Thanks

-Rick

Re: Conclusion of Representation
Our File No.: 47273.0001 IP CONSULTING
Our File No.: 47273.0002 (4357P) US PAT ELEC COMM WEB (*Abandoned*)
Our File No.: 47273.0100 (4377P) US PAT REACTION DEVICE, Pat. No. 6,893,614 (*Issued*)

Dear Suk-Jae Yim:

This is in reference to our telephone conversations and email messages with you during September and October of 2006. As you are already aware, the U.S. patent application associated with File No. 47273.0002 (4357P) was abandoned per your request. However, U.S. Pat. No. 6,893,614, our File No. 47273.0100 (4377P) is alive and maintenance fees will be coming due periodically for that patent. As we explained to you, our firm has adopted a policy against paying maintenance fees. Because our firm does not pay maintenance fees and there is no other work pending for you, it is appropriate at this time to disengage from our representation of your client.

We have repeatedly attempted to communicate with you regarding where you would like your client's files sent, however you have not provided us with any instructions and have been completely non-responsive. We are therefore writing to confirm that our representation in connection with the above-referenced matters has been concluded. Because the attorney-client relationship has ceased, we will have no further obligation to advise you or your client in connection with these matters or as to legal developments that may have a bearing on the matter. Unless we hear from you to the contrary, however, we intend to keep you on our mailing list that we use to provide friends of the firm with information as to various legal developments that may be of interest.

For the above-referenced issued patent matter, I am enclosing *Revocation of Prior Power of Attorney* and *Change of Correspondence Address* forms for your client to sign. After the forms have been executed, please send them back to us either by email (in PDF format) or by facsimile, and we will file the signed documents with the U.S. Patent & Trademark Office (USPTO) to enable all future correspondence to be sent directly to your client. We would appreciate your prompt cooperation in this regard as it will facilitate a seamless transition of your client's files and ensure that your client timely receives all USPTO communications.

As we have been unable to receive a response from you explaining your wishes regarding U.S. Patent No. 6,893,614, we will wait until February 2, 2007 before taking further action. If we have not received the signed forms by that date, we hereby give you notice that we will file a Request for Withdrawal of Attorney of Record with the USPTO for the issued patent matter.

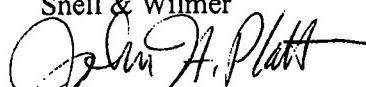

PLEASE NOTE THAT THE PAYMENT WINDOW FOR THE 4TH YEAR MAINTENANCE FEE FOR THIS PATENT OPENS ON MAY 19, 2008, WITH A SURCHARGE DATE OF NOVEMBER 18, 2008. Please understand that the sole responsibility for attending to this matter lies with you on behalf of your client, and that Snell & Wilmer will take no further action in this or any other matter.

We are sending the files for the above-referenced matters with this letter. We ask that you please sign and return the enclosed acknowledgement *Receipt*, which confirms for us that you have received the files.

We are pleased to have had the opportunity to have been of service to you, and we thank you for asking us to do so. Should there be matters in the future where we might be of assistance again, we hope you will call upon us and we shall be pleased to consider possible retention with respect to those matters.

Sincerely,

Snell & Wilmer
